**Subject:** Illinois Permits

Noel,

Here's the link to IEPA's issued permits:

<https://external.epa.illinois.gov/DocumentExplorer/Attributes>. I didn't see any permits for the asphalt plant we discussed. I would suggest contacting IEPA directly. Here's the contact information for the FESOP/Lifetime Unit Manager:

Bob Bernoteit  
217-524-0865

[Bob.Bernoteit@illinois.gov](mailto:Bob.Bernoteit@illinois.gov)

As we discussed, many asphalt plants in Illinois are covered under IEPA's General Permit for Asphalt Plants. The plant you're interested in is likely to be covered under that permit. Unfortunately I wasn't able to locate IEPA's General Permit for Asphalt Plants; it might not be posted online.

Also, FYI, here's the link to permits that are currently out for public comment:

<http://www.epa.illinois.gov/public-notice/boa-notice/index>

Let me know if you need anything else.

David Ogulei
